TraumaSymposium](http://www.SEAHEC.net/TraumaSymposium)

Jointly Sponsored by:

Presentation by: Dr. Peter Rhee

Professor of Surgery, Chief of Trauma, Critical Care & Emergency Surgery, University of Arizona Medical Center, Tucson, Arizona

VIP Trauma: Managing the Media in a High Profile Event

After the 2011 Tucson shooting that claimed multiple victims including a US congresswoman, Dr. Rhee held daily press conferences to update the public on the condition of the survivors. As the subject of national media attention, Dr. Rhee will discuss the challenges of keeping the public informed during a highly publicized event.

Additional Presentations Include:

Fukushima: Lessons Learned

Dr. Lawrence Dauer, Memorial Sloan-Kettering Cancer Center, New York

Post Resuscitation: Critical Care of the Trauma Patient

Dr. Neil MacIntyre, Sr., Duke University Medical Center, Durham, North Carolina

Revolutionary Surgical Technologies

Dr. Richard M. Satava, University of Washington Medical Center, Seattle, Washington

Presentation by:

Mr. Jeff Hamilton

Emergency Management, Regional Manager, Saint John's Mercy Medical Center, Joplin, Missouri
Joplin Missouri Tornado Destruction
Mr. Hamilton will describe the devastating effect and responsiveness of the local medical community when tornadoes raged through Joplin Missouri destroying the local hospital.

Pre-Conference Workshop:
Burn Care for the Rural Provider
