

# AEMT: Advanced Emergency Medical Technician

Spring 2021

Orientation held on January 19, 2021  
1400-1600 hours in the Public Safety Building

## Course Information

The AEMT certificate course is a semester-long course following the guidelines established by the NC Office of EMS. The curriculum follows the most current release of the National Highway Traffic Safety Administration (NHTSA) National Education Standards. The student will complete a total of 200 didactic (lecture) & psychomotor lab (hands-on) hours and 107 clinical (field/hospital) hours. Students attend class on Tuesday's from 8:30 a.m. - 5:30 p.m. The course includes occasional weekend per the course schedule. The AEMT certificate course start on Tuesday, February 2, 2021.

## Course Prerequisites

The following prerequisites must be met prior to registration:

- High School Diploma or GED.
- Credentialed as NC EMT or have successfully completed a recent NC EMT Initial course and awaiting credentialing.
- Current Healthcare AHA Provider BLS card.
- Successful completion of a placement test assessing reading comprehension, English language skills and mathematical skills on the post-secondary level. Students who submit proper documentation can be exempt from placement testing. Testing will be scheduled after submission of an application packet.

## Rescue and EMS Tuition waiver (\$180.00)

- Fire & EMS personnel must be listed on an official Johnston County agency roster. Provide a copy of the current roster at registration.
- Out-Of-County Fire and EMS personnel must provide a letter on official department letter head that includes documentation of active membership, position and that this course is necessary for your job.
